

What is the North Yorkshire County Council Academy?

The NYCC Academy is a virtual platform where we host over 100 engaging online learning products available to schools. At an affordable price, these are available to your learners and can be accessed to fill skill gaps, maintain compliance or provide an opportunity for personal development.

6 ways online learning can benefit your school

1. Wide range of online learning titles – from health and safety to workplace skills providing plenty of learning and development opportunities.
2. Cost effective – online learning is more affordable than face-to-face training and is more flexible.
3. Access at any time – content is available 24/7 and can be accessed from desktop computers, laptops and mobiles.
4. Get on top of compliance - an easy way to ensure compliance for example: General Data Protection Regulation (GDPR).
5. Suitable for different levels of abilities with clear learning objectives and assessment questions to test knowledge.
6. Upon completion of an online package, a certificate is automatically generated and is available to print.

Pricing

Online learning products can be purchased individually or in a bundle via a 12 month user licence. These can be purchased from as little as £30 per product per individual (see details below):

- 1-50 is £30 per product per individual
- 51-250 is £28.50 per product per individual (5% reduction)
- 251-500 is £27 per product per individual (10% reduction)

The cost of an online product bundle depends on the number of products you wish to include. The more products you purchase, the bigger the discount you will receive. Full access to our online suite is also available.

To enquire about making a purchase and to discuss your requirements please email trainingandlearning@northyorks.gov.uk who will contact you within 48 hours.

Please provide:

- *Contact details*
- *Details of the online products you are interested in and where possible the number of individuals that require access.*

Custom content development

Training and Learning also offer a custom content development service. If you have a requirement where there is no product listed, please contact trainingandlearning@northyorks.gov.uk who will contact you within 48 hours.
